

## Methodist Church Enters Ypres and Brussels

GREAT MEMORIAL CHURCH WILL  
BE ERECTED IN DEVASTATED  
BELGIAN CITY.

Ypres to Be Center of Large Enter-  
prise On the Part of South-  
erners.

Nashville, Tenn.—A great Methodist Church, erected and maintained by the Methodist Episcopal Church, South, will be erected amid the ruins of Ypres, in Belgium. This was stated by Dr. W. B. Beauchamp, director general of the Centenary Commission, who, with Bishop James Atkins, the bishop in charge of European mission fields, just returned from Belgium.

The city of Ypres, terribly devastated, will not be rebuilt in its entirety. The once magnificent Cloth Hall, the finest in the world, the Cathedral, the town hall, the churches, and other large ruins will be left as a perpetual memorial.

On these the city mayor has caused signs to be erected reading: "This is holy ground. No stone of this fabric may be taken away. It is a heritage for all civilized peoples."

### A City of Memorials.

Ypres is a city of memorials. The British government has selected a site and will erect a great museum as a monument to her fallen heroes.

Similar buildings will be built by Canada, New Zealand, Australia and Belgium.

In the midst of these memorials the Southern Methodist Church will be erected. It will contain a library, reading room and social equipment in addition to its auditorium and class rooms.

"Ypres will always be a mecca for travelers," said Dr. Beauchamp. "Thousands and millions will flock to that battlefield. Our Church will not only minister to the people of Ypres and the surrounding territory, but it will also serve these visitors."

### Great Plant in Brussels.

The Methodists have also purchased a great building in Brussels, which will be their headquarters for Europe. It will contain offices, an auditorium, reading and lecture rooms, a publishing plant and social equipment.

The general secretaries of the two Protestant bodies of Belgium, the state Church and the free Church, will have offices in this building, thus making it the Protestant center of Belgium.

Southern Methodists have also purchased a half interest in the Protestant hospital of Brussels. It will be enlarged and its capacity will be doubled.

### Relief Stations Established.

Dr. Beauchamp reported that thousands of children will freeze to death this winter, because the Germans flooded the mines and filled them with concrete, thus making it impossible for the people to obtain fuel.

"Children, with their mothers," said Dr. Beauchamp, "are now living in the abandoned trenches and dug-outs left by the enemy."

In order to cope with this situation the Methodists have arranged to open relief stations at Ypres, St. Quentin, Montdidier, Belgrade and other points. A full contingent of physicians, nurses, directors and social workers will be sent abroad as soon as they can be found.

The Church has a fund of \$5,000,000 for European construction work. This will be spent in Serbia, France, Belgium, Poland and Bohemia.

## Revival Planned For Entire South

Widest Evangelistic Effort Ever Made  
Will Be Launched Soon.

Nashville, Tenn.—Plans for an evangelistic movement which will cover the entire South and operate in 20,000 churches at the same time are being formulated by the Centenary Commission and the evangelistic committee of the M. E. Church, South.

Bishop U. V. W. Darlington is the chairman of the joint directing committee and Dr. O. E. Goddard is the executive secretary.

### Standard Plan Made.

The movement will operate according to a standard plan. This plan provides for a preliminary survey of the entire South to discover what persons are not affiliated with any religious denomination.

Dr. A. C. Zumbrennen is in charge of the survey, and he has made preliminary investigations in a large number of typical sections as samples to guide pastors in surveying their own fields.

When these surveys are completed the evangelistic movement will be launched in an effort to interest all non-church members whose names have been secured.

It has been estimated that half a million workers will be enlisted to personally interview the persons who have no church membership.

## GOVERNOR AND YORK ENDORSE HEALTH MOVE

BOTH OFFER SERVICES TO TEN-  
NESSEE ANTI-TUBERCULOSIS  
ASSOCIATION'S CAMPAIGN.

Only one other state in the Union had a higher native death rate from Tuberculosis than Tennessee last year, and that was Kentucky. It is because of this peril that Governor A. H. Roberts has offered his services as State Chairman to the Tennessee Anti-Tuberculosis Association, and Colonel Alvin C. York has also offered to serve on the executive committee of the coming campaign to sell Red Cross Christmas Seals from the 1st to the 10th of December.

In this state 4,551 people died of Consumption last year according to the State Board of Health. And since many investigations held throughout the country show that for every death there are eight people left infected with the "Great White Plague," there are now more than 36,000 cases of Tuberculosis in this state.

The Tennessee Anti-Tuberculosis Association and its 1,000 affiliated organizations throughout the country have found that the plague is controllable, preventable and curable. It is not hereditary. The germs get into the lungs from dust laden air, public drinking cups and other such conveyances and stay there till the vitality of the body is so reduced that they can get to work and finish the job that unhealthy living conditions has made possible.

During the past year the four public health nurses of the state association have visited every county in the state. Their reports show that they talked to the school children, teaching them to be healthy. They investigated the cause of diseases such as sewerage, the disposal of garbage, the water supply. They visited folks stricken with tuberculosis and taught them how to fight the disease.

"The problem of bettering the public health is a tremendous one and the splendid co-operation and service of the Tennessee Anti-Tuberculosis Association with the State Boards of Health, Charity and Education enables me to endorse their campaign with pleasure," said Governor Roberts. "The society is doing wonderful work in teaching us that we are not only responsible for our own health, but that we are also responsible for that of our neighbors. I am glad to commend it and to urge the people of the state to support this campaign."

### HUNT FOR "TB" SOLDIERS

What has become of Tennessee's 2,200 soldiers who were discharged or rejected in the draft because they were suffering with Tuberculosis and who are fighting for their lives against this disease? This question is being asked daily by the Tennessee Anti-Tuberculosis Association who is constantly receiving the names of these men from the surgeon-general's office and who have been unable to get in touch with the majority of them.

When the facts were published about the results of the selective draft the whole country stood aghast at the report that out of the two million and a half men called to the colors 69,000 of these were rejected because of Tuberculosis and that later 21,000 men were discharged from active service for the same reason.

These men are not hopeless cases. If taught how to care for themselves they can fight off the disease and become useful citizens and this is what the Tennessee Anti-Tuberculosis Association and its 1,000 affiliated organizations throughout the country propose to do.

But thus far only a small percentage of the 2,200 rejected and discharged men in this state have been found. Many have moved, and many more, when they were discharged, did not come home. At the present time every effort is being made by the state association to find these men that they may be helped back to health.

### FOR OUR HEALTH

Tennessee needs more Fresh Air Camps, Open Air Schools, Public Health Nurses and Sanitariums to fight Tuberculosis. The money raised in this drive is to be expended in Tennessee for these things and to educate and prevent disease. It is for these reasons that the campaign has been endorsed by the Governor and a host of prominent Tennesseans and that everybody should aid in stamping out the "Great White Plague."

### MODERNIZED TENNYSON.

I sneezed a sneeze into the air  
It fell to the earth I know not where,  
But keen and strong were the looks  
Of those

In whose vicinity I sneeze.

—Albuquerque Journal.

"How long," says Cy, when the rain had stopped

As we perched upon a log,  
"Should a mud-puddle hev to set  
Before it hatches a frog?"

YES, SIR!

He spent his health to get his wealth.  
And then, with might and main,  
He turned around and spent his wealth  
To get his health again.

—Buffalo Sanitary Bulletin.

## BAPTIST LAYMAN TALKS TO FELLOWS

J. H. ANDERSON OF KNOXVILLE  
SETS FORTH WHAT 75 MIL-  
LION CAMPAIGN MEANS.

### WILL GIVE WIDER VISION

Tennesseans Will Think in Larger  
Terms and Serve World in Larger  
Way As Result, Business  
Man Declares.

J. H. ANDERSON

Prominent Knoxville Business Man  
Who Gives \$200,000 to Baptist 75  
Million Campaign.

Knoxville, Tenn.—J. H. Anderson of this city, commissioner for Tennessee in the Baptist 75 Million Campaign and chairman of the executive committee of the campaign commission, looks for a larger life to come to the Baptists of Tennessee as a result of the information imparted and the enlistment in Christian service brought about in this state through the campaign. Mr. Anderson is president of the Baptist Convention in Tennessee and the Laymen's Missionary Movement, and in addition to giving \$200,000 to the campaign, contributed \$50,000 to the erection of a new church in his home city.

Discussing what the campaign will mean to Tennessee and how the sum to be raised by the Baptists of this state will be expended, Mr. Anderson said:

"The most expanding thought that has ever entered the human brain is that historic sentence spoken by our first great world citizen, nineteen hundred years ago, 'Go ye into all the world and preach the Gospel to every living creature.' The human brain is unable to compass one thousandth part of an inch more expansion, without encroaching upon the infinite, and that's God realm."

"Southern Baptists have been claiming the above sentence as one of their fundamentals all the past years. Why is it, then, we have remained such little folk with such a big thought in our brain? Is it not because we have not followed the thought with action? And this is one of the greatest, indeed, the greatest blessing that is going to come out of the 75 Million Campaign to our denomination. We are vitalizing that expanding thought and never more will we be merely citizens of our own little neighborhood, our own county or state, or nation. 'Every man of us must be, indeed is, a world citizen.' Dr. Truett has been hammering this thought into the minds and hearts of our people wherever he has gone during the past weeks."

"For the first time in all history Baptists have put on a program that even approaches in magnitude that world-girdling order, 'Go ye into all the world.'"

"Dare I say to my beloved Tennessee brethren that the opportunity is before us to demonstrate to ourselves and to the world that we have outgrown provincialism and have become world citizens?"

"The pure unmixed blood that has made our mountain people so fine and loyal has in the past been the cause of (May I say it?) our feeling of aloofness from other parts of the country and world. We have had no melting pot in our midst, no need for one, and so have had no training in extending our sympathy and compassion for others. The 75 Million Campaign is going to lift us out of this limited vision, and give us a vision as wide as the world."

"The enthusiasm and confidence everywhere are wonderful. Many of our people feel that 100 million dollars will be raised instead of 75 million. We must not allow our over-confidence to cause us to relax our efforts. Day and night, let us work with hand and heart and brain for these few remaining days to make certain the greatest VICTORY ever won for God and humanity."

"Tennessee's task in this big campaign is to raise the sum of \$4,548,000, this sum to be subscribed during Victory Week, November 30-December 7, but to be paid during the next five years. The money that we raise will be apportioned among the various interests of the campaign as follows: Foreign missions, \$1,102,437; home missions; \$648,000; state missions, \$425,000; Christian education, \$1,437,437; hospitals, \$500,000; orphans, home, \$248,000, and ministerial relief, \$187,126."

## COMMUNITY WORK

Strong Words of Commenda-  
tion From Dr. John  
R. Mott.

The Community Work program and emphasis of the Young Men's Christian Association is most timely and promising. We have come out into a new world and into a new day. The experiences of the war period have accustomed the American people to think, plan and act in large dimensions. Programs for altruistic organizations like ours which were acceptable before the war will no longer satisfy the American people. Remembering as they do that we were called upon suddenly to minister to a vast army and navy, numbering to the aggregate between 4,000,000 and 5,000,000 men and that the association movement and its countless friends accepted and met the challenge on a most comprehensive scale and in a wonderful spirit, it is not surprising that they now expect our organization to widen its plans and to extend its helpful ministry to the young manhood and boyhood of entire communities. We must not disappoint these worthy expectations.

We often say that it took the children of Israel forty years to make a forty-days' journey, and this because of their unbelief or their lack of faith. Now that virtually every community in our land, in cities large and small and in rural districts, is wide open to the practical, friendly work of the association as the servant of the churches, and now that conditions are so unusually plastic, let us exhibit the sure grasp of faith and exercise the tireless energy to make our work community-wide on every hand. The added dangers that have come with the ending of the war likewise summon us to quicken our pace while ever exercising studious vigilance to maintain the highest standards and an undying loyalty to our most vital principles. Let us remember also the tremendous latent energies in the lives of men and boys, as disclosed and released in the world struggle, and seek to afford an adequate outlet and objective for all these powers.

### WAR WORK OF THE Y. M. C. A.

Operated in 3,356 points, at home and abroad.

Operated 586 buildings for hotels and entertainment places.

Operated 788 tents and army buildings.

Furnished free 90,000 moving picture entertainments, 4,535 costumes for amateur performances, 18,734 song books and texts for plays, 2,636 musical instruments, 1,000,000 copies of a 96 page song book for mass-singing, 400,000,000 sheets of writing paper, 2,000,000 magazines, 4,000,000 pieces of religious literature, 2,250,000 pieces of athletic equipment.

Organized recreation programs in 25 leave areas, including daily excursions and sight-seeing trips.

Organized an educational system with 600 American professors and teachers, which grew to such proportions that the United States government has taken it over with the backing of a \$3,000,000 appropriation.

Handled without commission 323,432 soldiers' remittances home, amounting to \$15,542,396.

Ran at a loss a huge canteen business under government regulations as to prices, hours of service, assignment to military divisions, officers' clubs, etc.

Handled 2,000,000,000 cigarettes, 32,000,000 bars of chocolate, 60,000,000 cans of jam, 29,000,000 packages of gum, and 10,000,000 packages of candy.

Ran 20 biscuit, 13 chocolate, 3 candy and 8 jam factories.

Gave away hundreds of thousands of dollars' worth of supplies at the front and under emergencies.

Served 3,906,600 soldiers on 6,662 troop trains, and 1,381 transport secretaries gave over \$630,574 of supplies to soldiers and sailors on 971 sailings.

Lost 14 secretaries who were killed in the battle zone, 71 from accident and disease, 105 wounded and gassed, 22 otherwise injured and 2 prisoners.

Already 172 secretaries have been decorated for heroism and service under fire.

BEFORE YOU JUDGE, REMEMBER. It was the commanding officer of the division who determined what hours the canteen should be open and whether or not it should sell to men outside his own division. Military authorities regulated transportation and determined in what sector the "Y" could go into the front areas.

Military authorities could and did commandeer the "Y" auto trucks often when needed most. General Pershing says the "Y" did better than could have been expected of it under the circumstances.

WE SEEK NO PRAISE, BUT APPRECIATE FAIR PLAY.

A BOY SAVED, IS A MAN MADE.

Perhaps the strongest feature of the Y. M. C. A. program is its effort to put boys on the right track and to keep them going in the strong, vigorous manhood. No other organization is doing for the boys of America just what is being done by the Y. M. C. A. Anyone interested in the boys of the country should liberally support the Young Men's Christian Association in its efforts for them.

## EXAMINING HOG CHOLERA SITUATION

Dr. Ellis of Nashville, Here On  
Behalf of Agricultural  
Department.

Dr. J. F. Ellis of Nashville, arrived here Monday night to examine the situation caused by an outbreak of disease among hogs, which was believed to be cholera, and which was causing much apprehension and considerable loss. He is connected with the U. S. Department of Agriculture in the division relative to the prevention of contagious diseases among swine. Since being here he has inspected a number of cases believed to be cholera, some of which he pronounced cholera. He is suggesting vaccination of hogs that are in first stage of disease as possibly a method of saving them. Several fine hogs are sick and deaths are occurring. Some of the cases are believed to be swine plague.

Dr. Ellis is treating hogs himself, having brought serum for the purpose, and is giving demonstrations in vaccination to those who desire to learn.

Hog owners are waking up to the fact that vaccination of their hogs will save them from trouble and serious loss, but so far it is very difficult to get the work done. An attempt to remedy this will be made by putting more operators in the field, providing volunteers can be found. Cholera losses in Sequatchie Valley have been very great, and the disease is a constant menace to the hog owner. Dr. Ellis has taken hold of the situation with vigor, and is examining and advising regarding all cases brought to his attention.

## WILL LOSE SIGHT OF ONE EYE

Shirleyton, Nov. 19.—Trouble resulting in his right eye, Pat Morrison of this place, went to Chattanooga Monday to consult an oculist. Examination revealed to fact that it would be impossible to save the sight of the eye, as it is attacked by a disease that has recently appeared. The eye grows very inflamed and dimness of sight results, finally vision being lost.

## BATTLE CREEK FARM CHANGES HANDS

Circuit Judge John T. Raulston has purchased the N. B. Hughes farm on the Battle Creek Pike, five miles from South Pittsburg, having W. H. Freas of South Pittsburg, associated with him in the deal. The farm comprises 150 acres of bottom land, and about 25 acres of timber.

### Declares Dividend.

C. C. Shirley, Secretary-Treasurer of the Whitwell National Farm Loan Association, has received notice from the Federal Land Bank of Louisville that the directors have declared a dividend of six per cent. per annum on all stock held by national farm loan associations. This will enable this association to declare a dividend to its shareholders, who are farmers in this vicinity borrowing from the Federal Land Bank.

### Non-Resident Notice.

Alvia Hoggevs, Will Hogge In the Chancery Court of Marion County, Tenn.

In this cause it appearing to the satisfaction of the Clerk and Master, from Complainant's Bill, which is sworn to, that defendant, Will Hogge, is a non-resident of this state, so that the ordinary process of law cannot be served.

It is therefore ordered that publication be made in the Sequatchie Valley News, a newspaper published in the town of Sequatchie, Tenn., for four consecutive weeks, commanding said non-resident defendant to appear at December rules of the Chancery Court, to be held in the courthouse in the town of Jasper on first Monday of December, 1919, and plead, answer, or demur to said bill or the same will be taken for confessed and set for hearing ex parte as to him. S. L. HAYRON, C. & M. W. E. MOYERS, D. C. & M. This the 5th day of November, 1919.
